 - a. **Semester Two pubcrawl**
 - b. **National Science Week**
 - c. **Networking event**
 - d. **Quiz Night**
 - e. **Games night**
10. **Questions without notice**

RUN-DOWN

1. **Succession**

The time has come to start thinking about who the next committee will be, and how we can ensure that they are the best that they possibly can be.

2. **Next Semester Planning,**

Please see attached calendar, have we got everything, is everything where it should be

3. **Meeting Scheduling**

In the interest of the organisation, Ellen has requested that we make a decision as to when we want our meetings next semester. We can either keep the same time or change it. If consensus is clear, we can decide here, if some planning is needed we can do a doodle poll.

4. Search for a coco

Current shortlist

- Dominick Hentschke
- Tobi Thredgold
- Tamika Burrowes
- Galina Murina
- Danny Wu
- Jack Moran

Any last minute additions to the list? If not then we should either make a decision now or determine a system by which a decision should be reached. Such that a recommendation can be made and the new coco is in office before Sem 2 commencing.

5. Mid year Orientation

In addition to any support requested by the faculty orientation committee, do we want to do anything?

6. Sherry night.

Plan as it stands, pre at Declan's on 22nd, then follow Sem 2 pubcrawl route pubcrawl route, partake in revelry till we drop :p

7. BBQ

Plan Sem 2 BBQ, we can either do a subcommittee or run it at a committee level.

8. Science Alive

9. Sub-committee updates

a. Semester Two pubcrawl

Update on progress to be given by Zane.

b. National Science week

Update on progress to be given by Declan.

c. Networking event

Update on progress to be given by Khalia

D. Quiz Night

Update on progress to be given by Emi

E. Games night

I have seriously forgotten who is in charge of this... again.

10. Questions without notice
